Seeing your life through the Lens of the Gospel Luke 17:11-19

1. The cure of the lepers is not just a physical cure, it also brought the people healed back from exclusion into the community. Perhaps you have experienced the movement from exclusion to inclusion. What was it like for you to be accepted once again when you had felt excluded?
2. Who were the Jesus people for you who brought about this change? For whom have you been able to do this, perhaps by healing a rift with a friend, or by listening to the opinion of someone you had dismissed out of hand, or by opening the door in some other way to another?
3. Some people work hard at breaking down barriers in society, seeking inclusion for those who find themselves labelled as lepers by society or by a section of society. Where have you seen this happening? Who has been doing this kind of work? Where is the good news in such action?
4. When we do good for another, we may not do it for the thanks we hope to get, but it can hurt when no gratitude is shown. Sometimes it is those closest to us who can take us for granted. What helps you cope in such circumstances?
5. How have you experienced the positive effects of thanks given and received?
