Thought for the day:

The five principles of a Catholic school:

1. The Catholic school treats every individual human person as a child of God called to share in God's own life forever.
2. The Catholic school takes its inspiration from the ministry of Christ.
3. The Catholic school participates in the mission of the church within the surrounding culture in which it lives and breathes.
4. The Catholic school is an inclusive community ideally built on love and formed by the interaction and collaboration of its various component's students, parents, Teachers, Non-teaching staff and members of the Board.
5. The Catholic school is at the service of society in both a critical and supportive manner.
