New Pilgrim Path website: Hundreds of millions of us live in what Pope Benedict XVI described as “the digital continent”. The New Pilgrim Path website, which went live on the first Sunday of Advent last year, was inspired by Pope Francis’ enthusiasm for the Internet. He urges Christians to “walk the streets of the digital highways... Let us boldly become citizens of the digital world... in order to dialogue with people today and to help them encounter Christ”. New Pilgrim Path is aimed at helping fellow Christian travellers of all denominations to mine the rich resources of the Web in the search for meaning and belonging. Because the choice is so huge and, at times, bewildering, we provide a brief description of every site we have visited. This aims at helping visitors to New Pilgrim Path find the sites that are likely to be relevant and interesting to them at the particular stage of their journey. We have pages devoted to a range of resources, including daily prayer, Divine Office, online retreats, inspirational reflections, spiritual poetry, religious broadcasts, and many others.
